BUILDING FUTURE LEADERS

School Aged Before & After School

Children will expand their learning beyond the classroom. We use a balanced curriculum with opportunities for character development, STEM activities, arts and humanities, community service and physical activity. We are here to provide your child with a safe, caring environment full of fun and learning!

Teen After School Academy

Learning doesn't stop after the school day ends. The Y provides the academic support needed to help teen students achieve their full potential. Each day is filled with educational activities that also incorporate health education, games, team building, home work support, and leadership training.
